Product Disclosure Statement

Who is SIRVA?

SIRVA Pty Ltd is the holder of an Australian Financial Services Licence (No: 294595). This licence authorises SIRVA to deal in general insurance products and provide general financial product advice through its own branches and Authorised Representatives.

Who are the Insurers

Lloyds of London.

Underwriters at Lloyds proudly support the General Insurance Code of Practice. The purpose of the code is to raise standards of practice and services in the general insurance industry. Any enquiry or complaint relating to this insurance should be referred to SIRVA in the first instance. If this does not resolve the matter or you are not satisfied with the way a complaint has been dealt with, you should contact:

Lloyds Underwriters General Representative in Australia Suite 2, Level 21 Angel Place

123 Pitt Street

Sydney NSW 2000

Telephone Number (02) 9223 1433

If your dispute remains unresolved you will be referred to the Financial Ombudsman Service under the terms of the general Insurance Code of Practice. For other disputes you will be referred to the other proceedings for resolution. Details are available from Lloyd's Underwriter's General Representative in Australia at the address above.

How does the insurance work?

Domestic transit insurance provides cover for your goods while in transit, no matter where you move within Australia. Your cover starts from the moment we begin handling your possessions, until you take delivery of them.

If your goods are going into storage with us, the same cover that applies when they are in transit can be extended whilst your goods are in storage. You must however notify SIRVA that you require storage extension on your transit insurance. If any period of storage is required and an extension is not invoked, your transit insurance cover will lapse at the commencement of the storage period and the goods are not insured.

You're covered if you do the packing yourself. Our expert packers are one of the reasons why we can offer such inexpensive premiums. Please remember that in the event you do the packing, your policy will only cover possessions up to the value declared for a given packaging container given over to us. Those owner packed possessions will attract a higher premium than those we pack. One further point, there are, as with any policy, some exclusions that we would like you to be fully aware of.

Details of how to apply for the insurance and your options for insuring your goods while in transit and/or storage are on page 2.

Your choice of insurance options

For a small addition to your premium, each of the following options can further enhance your cover to ensure that you're fully protected.

Owner Packed Goods

We do cover goods packed by you, however as a result of increased risk, a higher premium will be charged. The contents of each carton or package must be individually listed and individually valued to invoke the cover.

Storage Extension Cover

Extension of storage cover, providing your goods are stored in an approved warehouse (coverage does not apply to goods stored within your residence, attic, garage etc.) Storage Extension Cover is not available if the goods were not covered by a Domestic transit policy when moved into store.

Pairs and Sets Cover

If you have a lounge suite and one of the chairs or sofa get damaged, insurers will repair or replace the whole lounge suite if the suite was covered by Pairs and Sets Insurance.

- Mechanical and Electrical Derangement Cover If you found that your TV worked perfectly before you left but does not work when you arrive, and there is no physical evidence of damage, the insurers will repair or replace your TV provided the TV was covered by Mechanical and Electrical Derangement Insurance. Please note this is restricted to items that are less than 10 years old.
- Packing and Shipping Costs The cost of packing and shipping your goods can be covered in the event of total loss.

Are there any exclusions and/or limitations?

We cannot cover the following things:

- Loss or damage to jewellery, watches, documents, precious stones, stamp or coin collections and articles of any similar nature. Note: Stamp and coin collections can be insured providing an itemised and valued list of these items is given to us prior to the commencement of the move.
- Loss or damage due to seizure or destruction due to the nature of the article, or any defect, characteristic, or inherent vice, making it susceptible to damage pursuant to customs or quarantine regulations or laws.
- Loss or damage due to atmospheric conditions such as temperature or humidity.
- · Loss or damage due to insects, moths or vermin.
- Loss of flavour or condition of any perishable articles, including alcohol.
- Electronic malfunction and/or mechanical derangement of any item unless caused by visible external damage.

- Replacement or repair to entire sets or matched pieces when there is only partial loss or damage. Liability extends only to the physically lost or damaged piece. However for an additional premium, cover can be arranged for the pair or set.
- Loss or destruction of (a) money, currency, negotiable bonds or valuable documents, (b) plants, shrubs, trees and the like.
- Loss of any electronic data or computer software. Liability is only for actual value of media holding such data or software.
- Pairs and Sets Damage Cover 'Pairs and Sets' refers to things such as a matching pair of ornaments or a three piece suite. Normally insurers will only pay for the article that is damaged, however for an additional premium, cover can be
- covered. Mechanical & Electrical Derangement Cover Sometimes, even when electrical and mechanical items have been correctly packed and handled, internal damage can occur. However, if no clear signs of external damage exist, insurers will not pay out on a claim. Once again, for an additional premium such cover can be provided. This extension is not available to mechanically propelled vehicles.

arranged for the 'pairs and sets' you wish to be fully

It's important you are aware of these exclusions, so there is no misunderstanding regarding the extent of the cover provided by domestic transit insurance. The 'Policy Terms and Conditions' are detailed on the reverse of the proposal form.

Cost of the insurance

The insurance premium is calculated according to the sum insured you declare on the proposal (whether using the itemised inventory or the total value cover option). We also take into account other factors relating to the risk (such as whether you did your own packing) and any additional cover options you require. Your premium includes GST.

A minimum premium of \$150 may be applicable.

An excess is the amount you must pay if you make a claim. There is a standard \$50 excess for any claim you make under this insurance.

Cooling Off

Once a completed proposal form has been received by the company, a confirmation of insurance will be forwarded to you.

If you do not require this contract of insurance, you have until the commencement of your removal to change your mind. You must advise us in writing that you wish to return the insurance and have any pre-paid premium returned to you.

How do I insure my move?

The first thing you need to do is complete the proposal form including details of the full replacement value of your possessions at destination. Should motor vehicles, motorcycles, caravans, boats, trailers and other self propelled vehicles be included under this insurance they will be covered up to a maximum of the market value at the day of loss. Included in this document you have the option of two proposal forms, one of which must be completed and returned to us to activate the required cover. This is an important document and should be read carefully. Please keep the document in a safe place. You should retain proof of the value of your property.

Method 1: The Proposal/Inventory Form

You'll find we've made this form easy to complete. It's laid out room-by room with typical home contents listed and space for additional items. It also displays a local average value, which can be used as a guide for valuing your goods. The local average value is a guide and does not take into account the value of your particular possessions. You need to decide the extent to which you will use it bearing in mind the replacement value of each of your possessions.

All you need to do is fill in your nominated replacement values in the spaces provided, as illustrated below. Full instructions are given on the attached form.

E. LIVING ROOM					
ARTICLE	AVERAGE LOCAL VALUE	Insert No. ITEMS	ADD YOUR VALUATION HERE		
Sofa(s)	1,500				
Chair(s)	850				
Sidetable(s)	400				
Desk	1000				

Any grouped items will be deemed to have an equal value unless individually valued.

Method 2: The one page Total Value Cover Method

With this method you can dispense with the need to complete the Proposal Inventory Form, thereby saving you time.

'Total Value Cover' uses a 'fixed' value per cubic metre, so estimating the total value of your possessions is a very simple exercise.

MINIMUM QUALIFICATION VALUE

For Total Value Cover Insurance the minimum qualification will be based on a rate of at least AUD\$2,000 per cubic metre. This is calculated based on the volume of the total effects transported.

Don't forget to complete the section for items with a value over \$5,000, so you don't inadvertently limit cover for them.

Get full value out of your insurance

If you decide to insure your goods using Method 1, don't deliberately under value your possessions. You need

to be aware that if you under insure your consignment the insurers may apply the 'co-insurance' clause to any claims.

In simple terms, this means that if you do not insure your goods for their full replacement value, you will have to bear the uninsured part of any claim. For example, if you insure for 75% of their replacement value, then 25% of the repair or replacement costs must be absorbed by you.

Your Duty of Disclosure

When you apply for insurance the insurers rely upon the information you provide to decide whether to insure you, and anyone else to be covered, and on what terms. If you do not answer all questions on the proposal honestly the insurers may reduce or refuse a claim, or cancel the policy. If the non-disclosure is fraudulent, the insurers may have the option of avoiding the contract from its beginning.

Please note! Insurance cover cannot be arranged on your behalf until we have received the completed Proposal Inventory Form or the Total Value Cover Form.

How do I make a claim?

When your consignment is delivered, you will be asked to confirm receipt of the goods. Check your goods thoroughly during delivery and if there is any shortage or damage make note of this on the delivery documents in the space provided, then sign for the receipt of the goods. You should ensure that the driver countersigns the delivery documents. Then contact our Insurance Centre on 1800 033 538.

You can make a claim from anywhere in Australia. All claims will be settled promptly and efficiently based on your declared values and following any necessary claim inspection survey. All claims will be processed through a central claims department; another way SIRVA provides you with peace of mind.

You must note any missing items or damaged items (which are not packed in a carton) or missing or damaged cartons on the delivery inventory documentation at the time of delivery. You must tell us, in writing, within 14 days following delivery of your goods about any items within a carton that are either missing or damaged. If you do not advise of missing / damaged items within these time frames we may not pay that part of your claim. You must submit your claim form together with repair / replacement quotations within 30 days of receipt of claim form to avoid the risk of your claim being rejected.

Please don't arrange repairs or replacement of any damaged items unless authorised by us, or our authorised representative, as this may prejudice your claim.

Provided you complete the claim form in full, and return it promptly with your signed delivery documents and written quotations for repair or replacement, we guarantee a quick settlement.

In the event any item(s) is settled for full replacement value or the full sum insured for that item, the ownership of that item passes to the Insurers as salvage.

Call us on free call 1800 033 538 during the claims settlement procedure if you believe there is any undue delay.

METHOD 1: Proposal/Inventory Form for Domestic Relocation of Household Goods

Destination Address

IMPORTANT - Please read carefully the notes below

(i) It is re-emphasised that the **full replacement value of the goods at destination** (motor vehicles are restricted to market value only) must be declared as the policy is subject to average and you will have to bear a proportionate part of any loss or damage to articles not insured for their full replacement value.

(ii) Any items not declared on this schedule will not be covered by this policy.

Approximate replacement values have been printed next to the list of major items on this proposal. These relate to values of articles of average size and quality here in Australia and are submitted as a guide only. Your insured value should reflect the full replacement value of the article. If you are uncertain of these, you should undertake appropriate steps to establish them.

(iii) If insufficient space, please provide additional listing covering all goods required to be insured. All owner packed goods must be individually declared and valued on a per package or per carton basis.

All values nominated are in Australian dollars
